Eager computer science major seeking a career in software engineering or web development to apply my knowledge and gain experience in the field. With experience in four different coding languages, I am enthusiastic to join your company and become a vital part of the team.

EXPERIENCE

AUGUST 2019 TO PRESENT

PHP WEB DEVELOPER

R & S MAINTENANCE, MERIDEN, KANSAS

Working as a part time web development intern to develop a full-stack website which processed, analyzed, and rendered data visually. As well as the job posting board to generate success for the company. With careful planning I wrote and debugged web applications using PHP, HTML, CSS and MYSQL.

Success Example:

Acted alone in planning and implementing a brand-new website, while coordinating with the manager to handle content request changes, including database upgrades. With the new website, we found a 7% increase in website visits.

MAY 2013 – AUGUST 2019

INVENTORY SPECIALIST

R & S MAINTENANCE, MERIDEN, KANSAS

Worked with SAP Business One to manage inventory, compiled and maintain records of inventory pricing, and demonstrated good communication with customers.

JULY 2017 – SEPTEMBER 2018

CLIENT COORDINATOR

JENNY CRAIG, TOPEKA, KANSAS

Installed new technology and software as needed, processed files for use by corresponding clients, and organized client time restrictions to match consultant schedule.
